

Purpose

We only get results from the official course evaluations in May 2014. We want to make any improvements to the course as soon as possible.

Please do not write your name anywhere on this page

1. Two aspects you like about the course so far:

- •

2. Two ways in which the instructor can improve the course for the rest of the term:

- •

[more space at the end for extra comments]

3. The course slides are [poor, average, good, excellent, helpful, your choice of word]

4. I find the PDF text (official course notes, PID): [poor, average, good, excellent, helpful, your choice of word]

Any feedback about the textbook [improvements/suggestions]? _____

5. The pace of the class is [too slow, slow, about right, fast, too fast, your choice of word]

6. The value of the lectures to me is [very low, below average, average, high, your choice]

7. Have you used help from the TAs? Yes / No If "no", why not? _____

8. I spend about _____ hours per week, outside of class, on 4/6C3 work.

9. Benefit from the assignments (and solutions)? _____
[low, average, high, *other*]

Anything else about the assignments you would like to say: _____

10. How useful are the R self-study tutorials on the course website? _____

11. Any additional comments that would be useful to the instructor and the TA's:
